

PN/N Field Trip @ ToTT Baking Studio

Our trip to ToTT baking studio was a memorable and enjoyable experience for everyone, especially for the Pre-Nursery parents and children. For many parents, it was their first time at a baking studio and it was also a rare opportunity to bake together with their children. The studio was spacious and comfortably accommodated all 40 of us! The children were engaged right from the start with hands-on kneading and cutting the dough with the cookie cutters. Even the Pre-Nursery "mini bakers" had minimum help from their parents. They certainly had a fun time baking at ToTT and everyone got to bring home the cookies that they had made to share with their daddies and mummies.
